DETAILED ACTION

Response to Arguments

Applicant's arguments filed 5/13/03 have been fully considered but they are not persuasive. Applicants' arguments are not commensurate in scope with the claimed subject matter. For example, in the last paragraph of page 9 of the newly filed amendment, applicants state that Gautsch et al does not teach the methods of claims 1-6 and 8. This is not persuasive because claims 1-6 and 8 are apparatus claims, not method claims, and they do show the claimed elements. Also, the dependent claims were not separately argued such that they stand or fall with the parent claims. Furthermore, contrary to applicants' comments, the patent does crush/pulverize some of the material in the containers. Concerning Moore et al, please note that the patent does disclose the claimed steps except for the number of containers used. Also, it is not seen why the Moore et al process would not produce a uniform product if the same material was used in each container.

Claim Rejections - 35 USC § 102

Claims 1-6,8 are rejected under 35 U.S.C. 102(e) as being anticipated by Gautsch et al. See paper number 6 for this rejection.

Claim Rejections - 35 USC § 103

Claims 25,26 are rejected under 35 U.S.C. 103(a) as being unpatentable over Moore et al. See paper number 6 for this rejection.

Claims 7,9-26 are rejected under 35 U.S.C. 103(a) as being unpatentable over Gautsch et al. See paper number 6 for this rejection.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
